ARE YOU READY? For 1 Hour Of Free Play?

How to begin playing with your free €750:

Ready to get started? It's really easy, but here are some helpful hints to guide you through it.

1. To claim this promotion you will need to **download** and install the casino software and register as a Real Player.
2. The timer will start from the moment you click the Start Free Play button. You are then given €750 worth of FREE Casino Credits and need to start playing immediately to reach the minimum bet amount within 60 minutes.
(see 3.)
3. You need to place 100 or more bets to be able to transfer your winnings into your REAL casino account, so keep betting until you are sure you have reached this minimum requirement. Should you want to quit before the 60 minutes is up, simply click the link under the timer.
4. The 'Play With €750 Free' promotion is played on a miniature version of the casino, so you will see a smaller casino loaded in the cruiser when you start. Don't get this confused with the real casino - the games are the same, but this way we can display a timer on the left hand side, so you know exactly how much time you have left.
5. If you get disconnected you will need to log back in. The 60 minutes of free play will continue to count down while you are logged out, so make sure you are quick!
6. Be sure to play a variety of games. There are over 200 games in the casino - who knows what your lucky one will be!
7. When can you claim your winnings? As soon as you have made 100 or more bets and won €20 or more over the original €750, you are eligible to claim your winnings and transfer them into a Real Casino Account.
8. You will need to deposit a minimum of €50 into your Real Casino Account in order to claim your winnings.

As the required play-through requirements are met, funds are automatically transferred from the Player's bonus account to their cash account.

- Play at certain games will contribute a different percentage of the playthrough requirement:

- 100 % - all Slots, American Roulette and all Parlor Games
- 50% - all Table Pokers, Red Dog, all Roulettes (except American Roulette), Casino War and Sic Bo
- 10% - all Video/Power Pokers (except All Aces Video/Power Pokers), all Blackjacks (except Classic Blackjack), all Craps and all Baccarats
- 2% - Classic Blackjack and All Aces Video/Power Pokers

Play-through is achieved when any real money wager is made. The Player can use either their bonus or their cash account.

For any wagers made, the wager is deducted from the Player's cash account. If there is no cash available, then the wager is deducted from the bonus account. This effectively means that funds in the Player's bonus account are only played if there is no cash balance.

If a Player makes a withdrawal, their bonus account is reset to zero. This means that if a Player chooses to take back the money they deposited, they will lose any bonus money they may still have remaining in their Bonus Account.

Winnings on wagers made from a Player's cash account are credited directly to their cash account. Winnings on wagers made from a Player's bonus account are credited to their bonus account.

Where crediting a Player's bonus account with winnings would result in the bonus account exceeding the size of the original bonus amount, any excess winnings are credited to the Player's cash account.

Note: This is less any automatic transfers from bonus account to cash account that had occurred.

13. If you are running short of time at the end of this promotion, ensure that you are able to complete the bet that you are starting. Any pending bets will be deemed to be lost and the funds deducted from your total balance.

14. If you submit a withdrawal before the bonus is credited to your account, the bonus will be forfeited.

15. The wagering requirements (for withdrawal purposes) will be counted from the time the promotion winnings are added to the casino account.

16. The maximum amount that can be won and transferred into your real account for this promotion is €100. Any amount over that will be null and void.

17. Players who claim their winnings as part of this promotion will be unable to claim the Welcome Bonus.
